This administrative regulation is written in accordance with the guiding principles in Board Policy No. [BA-8.6, Transportation: Student Safety](#).

The Board recognizes the importance of encouraging the students of its schools and the drivers of vehicles in the school community to exercise caution and sound safety practices. Principals are therefore encouraged to co-operate with local police in establishing student safety patrols where circumstances warrant.

- Student Safety Patrols will operate only with guidance/training from police and together with appropriate parental support.
- Student Safety Patrols will not be used on main traffic arteries where the safety of the student patrol might be jeopardized.
- Student Safety Patrols may be used only in areas near the school where their activities can be appropriately monitored by the teacher-supervisor.
- Principals are responsible for ensuring that due consideration be given to the particular circumstances of normal traffic, and the age and maturity of children involved.
- The principal of the school shall name and support a teacher-supervisor to assist in the operation of pupil safety patrols and to co-operate with the police authority in charge.

Tangible recognition (picnic, special trip, etc.) of patrol members' service may be given.
