

Breathing Exercises Social Media Bundles

WHY BREATHING EXERCISES?

When we feel anxious, we sometimes don't breathe as deeply as we should. These short breaths can be bad for our bodies and our brains and make us feel more anxious. Practicing deep breathing can help to still your mind, calm your body, and control your feelings of anxiety.

BREATHING EXERCISES ARE A USEFUL TOOL TO CHECK-IN WITH AND CALM OURSELVES.

BELLY BREATHING EXERCISE

In a **sitting position**, put one hand on your **chest**, and one hand on your **belly**

Take a **deep breath** through your **nose**. Feel the air moving through your **lungs**. Slowly exhale from your **mouth**

Take a **second breath**. Imagine bringing the air into **your belly**. See if you can make your belly **move more** than your chest

Breathe in for four seconds. **Hold** the air in for four seconds. Feel the movement of the air in **your belly**. **Breathe out** slowly for four seconds

Repeat
