

Survey Sample - Climate Survey (Grades 4-6) Kawartha Pine Ridge District School Board

Introduction

Welcome to the 2024-2025 Climate Survey for KPRDSB students in Grades 4, 5 and 6.

The purpose of this survey is to find out how you feel about your school.

You will not need to give your name on this survey and ***no one will know what your answers to the questions are. This survey is not a test and there are no right or wrong answers.*** You can skip any questions that you don't want to answer.

The purpose of this survey is to find out how you feel about your school including things like how you feel at school, how people treat each other and how safe and accepting the school feels. It is important to remember that it is okay to feel happy when something positive happens to you, or sad or angry when a bad event occurs, or scared and anxious if you are dealing with something that worries you. Remember, if you are having a hard time, tell a trusted adult or friend to get help. You can also contact **Kids Help Phone, at 1-800-668-6868**, to speak to someone.

There are also questions on this survey about bullying. There is a difference between conflict and bullying.

Conflict

- A disagreement or difference of opinion
- An expected and "normal" part of life
- Both people have equal power
- Both people want to work it out

Bullying

- A hurtful choice done on purpose, over and over again
- Unexpected and should never be a "normal" part of life
- Unequal power and control
- One person does not want to work it out

Remember, you have the right to feel safe at school at all times. It is appropriate to talk about your challenges with a trusted adult or a friend, or to get help if needed. You can also contact **Kids Help Phone, at 1-800-668-6868**, to speak to someone, or make a report to a teacher, vice principal, principal or other adult at school.

Please Click the "Next" button if you want to complete the survey.
