- **Property and Facilities Services**

Policy: SECURITY

Policy Code: BA-6.4

Page 1

The Board is committed to providing a secure environment that ensures the safety and protection of all buildings, property and people.

In recognition of this commitment, the Board will endeavour through the Superintendent responsible for Facilities Services, or designate, to ensure that all buildings, property and people are adequately protected at all times. Administrative regulations will cover the administration of this policy.

To further protect Board property, assist in the supervision of students, and to better define Board property lines, the Board supports the installation of fencing at school and other properties, as well as mandatory sign-in and/or display of proper identification at all times.
